

# Haven Recharge Bench

Haven Recharge Bench creates an inviting setting in a compact footprint. The simple and agile design adds a moment of comfort and recharge for people in transition or on the go. The rounded, upholstered seating surfaces are islands that draw people in from both sides. Often missing in bench seating, the subtle separation between the two seats provides a feeling of personal space.

## Details

Haven Recharge Bench's narrow and compact design adds functionality to currently unused and under-utilized spaces. The bench can be moved easily and rearranged for agile spaces. The steel frame of the bench utilizes strategic angles to provide an extremely solid structure with the least amount of steel. The iconic Haven leg features a flat front face that blends well with any architecture and a rounded back which softens spaces.

## Features

- Optional accessories offer an inviting atmosphere and biophilic elements
- Separation between the two seats provide a feeling of personal space
- Angled legs with a flat face and curved back are designed to feel light and architectural
- Narrow footprint allows for use in lobbies, hallways, and periphery spaces
- Pairs perfectly with Haven Laptop Table

**A**
