

Bahn Rail

Goes with the flow.

Freestanding and scalable, Bahn Rail provides everything you need for full-on functionality now, and down the road. Run desks parallel or perpendicular with must-haves like spine screen privacy and plenty of power for whatever the day brings.

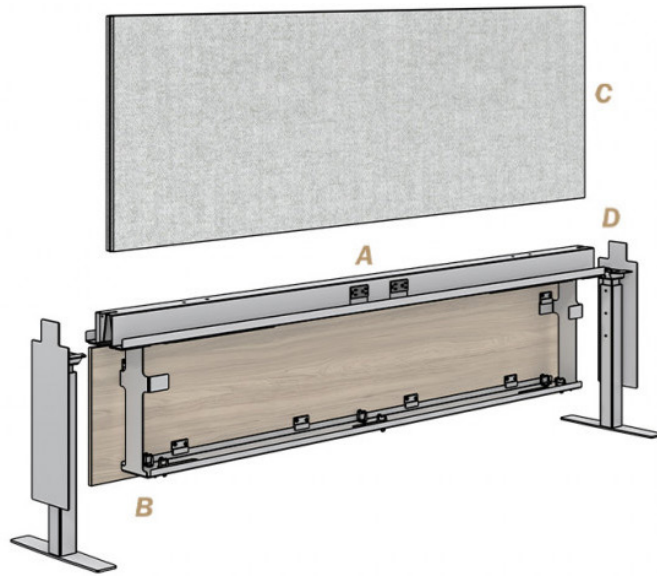

Details

Bahn Rail legs allow for up to 6" of top-down leveling capability, which means tricky, uneven surfaces don't stand a chance. And with essential cable management and stowage, available privacy screen add-ons, and environmentally preferred materials, this rail is the all-in-one that's all in.

Features

- UL listed four circuit power system
- Manages uneven floors with top-down leveling via a 7mm hex wrench
- Cable Modestys with lift-off panel access available to store cable clutter
- Multiple Gallery Panel end options available

A

- Offered with either four or eight power receptacles per user

B

- Integrated cable trough for light-duty wire management or robust add-on cable modesty

C

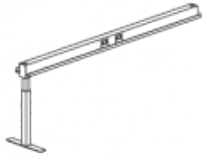

- Rail screens available in fabric, markerboard, or acrylic

D

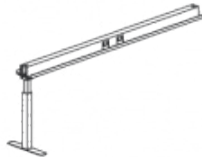

- Starter/Adder modularity with quick-connect power between segments
